Kirby, our hero, makes his home in Dream Land, which is located on PopStar. PopStar is a small, peaceful planet at the edge of a vast universe.

One day, Kirby and Gooey went fishing. Birds were singing. The sun was shining. It was such a nice day that they felt more like napping than fishing.
As Kirby and Gooey relaxed, they noticed a black, cloud-like object appear in the PopStar sky!

The black object started to spit out small clouds. These clouds were scattered everywhere.

Just then, Coo appeared, looking panicked. "Hurry, Kirby!" he said. "PopStar's in BIG trouble!"
The small clouds took control of King Dedede and his minions. They started to do terrible things!
Now, Kirby and his friends have left to get rid of these strange clouds and save PopStar!
Hi, I'm Kirby!
PopStar is in BIG trouble.
Gooey and I are going to get to the bottom of this.
Wish us luck!

To operate Kirby, use Controller 1.
Gooey is Kirby's good friend. While he's made from the same stuff as Dark Matter, he doesn't have an evil spirit.

Operate Gooey with Controller 2 or let him go on his own!
